

HIV Care in Substance Use Settings

Planning Worksheet for _____

(state name)

Goal for integrating HIV care

Challenges with integration

.....

.....

.....

Partners in integration

.....

.....

.....

.....

Our next steps

1.

2.

Where can we offer the most support?

- Staff Training
- Data Collection, Record Sharing, and Confidentiality
- Identifying Referral Partners & Formalizing Relationships
- Navigating Client Insurance
- HIV System Navigation
- Supporting Testing
- Service Reimbursement

lack of HIV services in SU settings (very spooky)

Establish a foundation

Understand HIV status

Incorporate HIV in treatment plans

Facilitate linkage to care

Integrate HIV care into SU setting

Facilitate HIV testing

Where do our partners need the most support? (select all that apply!)
